TRAIDCRAFT
Fighting poverty through trade

Fair Trade Feast

Donation Form

Traidcraft Exchange – Traidcraft's charity - is the only international development charity in the UK focusing exclusively on trade.

We work to enable poor producers in Africa and Asia to grow their businesses, find markets and engage effectively in trade. We passionately believe that trade can provide opportunities for people to work their way out of poverty.

£8 could enable honey farmers in Tanzania to grow their businesses and increase their income.

£15 could help protect hardworking farmers in Africa from unfair international trading that could threaten them with ruin.

£25 could help small tea growers in India to improve production methods so that small businesses become more efficient.

£35 could enable businesses in Cambodia to learn how they can benefit from fair trade opportunities.

These are examples of the type of projects your donation may support.
