

Should we sell Traidcraft goods on a Sunday?

Many churches view their Traidcraft stall as a vital part of their commitment to caring for the poor and extending the Kingdom of God.

Whilst the gospel accounts speak of Jesus' anger at the trading that took place in the temple, this was specifically to do with unjust scales, precisely the situation Traidcraft stalls are helping to challenge.

Clearly this is a matter for individual churches to decide upon and Traidcraft is happy to discuss concerns people may have about Sunday trading. If you would like to do so, please [contact us](#).
