

## Shop online

Ordering online via our secure webstore is simple and straightforward. You have the benefit of browsing all our current catalogue items as well as limited web only special offers.

Extensive product listings give you clear information on the product as well as the producer information to see how your potential purchase is benefiting communities and changing lives.

A zoom facility (up to 9 times bigger) is also available so you can have a closer look at the products before you commit to purchasing.

Why not visit our webstore and see the full range for yourself?
