

Support the team

Even if you don't want to take part in any of our fundraising events, you can still help support this area of work in other ways.

Sponsor the team

Throughout the year we have runners taking part in many fundraising events from fun runs to half marathons. This year we have a team of 18 staff members running in the Great North Run. Help support their fundraising by clicking the box below.

Promote our events

We would really appreciate it if you could put up a poster promoting our involvement in major running events, for example in your local church, workplace or gym. You can download the posters here, or email fundraising@traidcraft.org.uk to request copies.

Cheer the team

If you live near one of the running events where we have a presence, why not come along and support our runners, we can provide you with balloons and T-shirts so that you can create a cheering point to encourage our runners to keep going. To find out more please get in touch by emailing fundraising@traidcraft.co.uk.

If you are planning on attending, please [email the fundraising team](#) and we will provide you with a T-shirt and balloons. At events where we have a presence, you'll also be welcome to come to our marquee at the finish for a drink and snack.
