

Make a regular donation

A regular gift by direct debit enables us to make long-term commitments with greater confidence, helping more people in the developing world transform their lives.

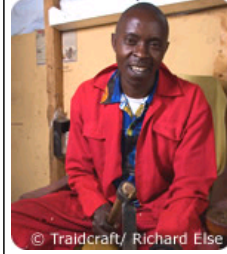

Whatever the amount, a regular gift will really help us develop strategies and future plans to develop practical solutions to world poverty.

£2 a month could help a small tea producer in India to get expert guidance on more cost effective and better quality tea production

£6 a month could help a vegetable grower or fish farmer in Bangladesh to get the training they need to increase their income

£10 a month could help Kenyan woodcarvers to access new markets and secure a brighter future for their families
