

Donating shares

Donating shares to Traidcraft is another way that you can help us to fight poverty throughout the developing world.

It is Traidcraft's policy to sell any shares we receive as gifts as soon as we can. We prefer to sell them so we can use the money to fight poverty in the developing world when it's needed – now!

The difference your donation could make

Our project in India aims to help cotton farmers to widen their crop base to improve soil fertility and productivity and reduce dependence on cotton alone.

"About five or six years ago I began selling to Agrocel. They were giving a better price than the market. Also they have supported me with my cotton production. I am growing organic cotton. If new technology comes out then the Agrocel field officer will come to advise about it."
Arjanbhai Gadhi

How to donate shares to Traidcraft Exchange

If you have shares you would like to donate to Traidcraft Exchange, please contact us on 0191 497 6445 or [email us](#) and we will be happy to help you.

If you donate shares to Traidcraft, you can get income tax relief on the donation and exemption from Capital Gains Tax and Inheritance Tax. Please visit the [HM Revenue and Customs website](#) or call the tax helpline on 0845 9000 444 for more information.

Thank you for your support.

** Please note that, although we are happy to answer any queries you may have about the procedures of making a transfer, Traidcraft cannot give financial advice.*

If you would like advice on the potential tax advantages for your specific circumstances, you should contact a financial advisor or HMRC. You can find explanations and examples of the tax implications in the HMRC booklet, IR 178 - Giving shares and securities to charity.
