

International development

Traidcraft Exchange helps poor producers to engage in trade and build a better future for themselves and their families.

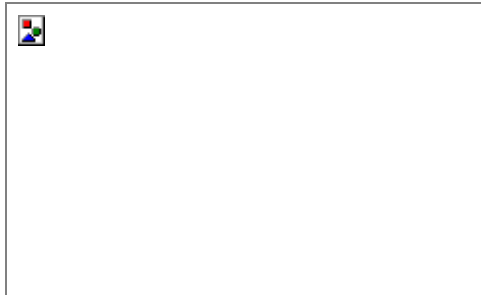

Our work is focused on six key areas: cotton producers; tea producers; craft producers; fair trade; business services; and influencing and advocacy.

Information for donors

- [Support our work](#)

Our work depends on the generous support of individuals, grant-making trusts and foundations, and other large grant-making bodies. Find out more about supporting us to fight poverty through trade.

Interested in becoming a partner?

- [Work with us to fight poverty through trade](#)

We are committed to working in collaboration with other organisations who share our mission to fight poverty through trade.

You can also find information about [the development support that Traidcraft's trading company provides to its fair trade suppliers.](#)
