

## Completed projects in South Asia

### [Building local business support organisations in Orissa, India](#)

This project trained local organisations in Orissa to develop high quality, effective business services for pro-poor small businesses.

### [Improving product development amongst small businesses in Bangladesh](#)

This project trained local organisations in Bangladesh to provide vital product development assistance to small pro-poor businesses.

### [International Resources for Fairer Trade \(IRFT\)](#)

This was a two-phase project to develop our partner organisation, IRFT, to become an independent Business Development Service provider for small businesses and intermediary marketing organisations.

### [More From the Cotton Fields](#)

This 3-year project supported farmers to convert to organic, fair trade cotton production and develop rotational crops to address their economic, social and environmental problems.
