

Our clients

We work with a wide range of organisations in Europe, Africa, Asia and Latin America who believe that trade can have a positive impact on poverty.

"We felt Traidcraft's Market Access Centre was the perfect solution. Their training team has tons of experience in working with small businesses. We decided to hire Traidcraft as consultants for the first year of the project to help get us on the right track."

Claire McGuigan, [Christian Aid](#) (July 2007)

[Businesses](#)

We offer services to businesses seeking to source ethical products, audit existing supply chains, build ethical supply chains, support the development of suppliers and identify opportunities for ethically produced goods.

[Organisations supporting other businesses](#)

We work with business support organisations seeking to develop the supply of sustainable, effective and professional services; develop innovative and effective market access and enterprise development programmes; understand the opportunities and challenges of fair and ethical trading; assist marginalised producers to access markets.

[Fair trade organisations](#)

We offer services to fair trade organisations seeking to develop fair trade markets, provide high quality support to their suppliers and build internal market access capacity.

[International agencies and consultancies](#)

International agencies and consultancies seeking to develop local business support mechanisms, link marginalised producers to international markets and build the capacity of enterprises to access markets often contact the Market Access Centre.

We work in the following sectors:

- Tea, cotton and crafts (which are key focus areas for Traidcraft)
- Other agricultural commodities and non-timber forest products
- Interior and fashion accessories
- Business services including:
 - marketing
 - product development
 - finance
 - business strategy and planning
