

## Fairtrade Fortnight

Every year, Fairtrade Fortnight encourages people to make a difference to the lives of producers in the developing world by buying fair trade.

Date: 23/02/2009  
Until: 07/03/2009  
Type of Event: Fair trade event  
Location: UK nationwide

As the UK's leading fair trade organisation, Traidcraft is committed to raising awareness of fair trade and is working towards a world freed from the scandal of poverty.

To make the event a huge success, we need as many people as possible to get involved.

### Shopping

Buying fair trade products helps change the lives of thousands of small-scale farmers and craftspeople in the developing world.

Traidcraft's commitment to fair trade means we build lasting relationships with our producers and support people to trade out of poverty.

### Campaigning

We know that to really make trade work for poor people, we also need to campaign to bring about trade justice.

The success of Fairtrade has meant that governments are listening more than ever before and we have a fantastic chance to improve the lives of millions of people... but we need your help.
