

## Traidcraft launches Spring 2008 fair trade range

Make 2008 the year you make a difference by choosing to buy fair trade from Traidcraft's new Spring 2008 range. With 341 quality products, including food, drink, homeware, clothing and accessories, to choose from, Traidcraft's latest catalogue has something for every ethically conscious consumer.

7 February 2008

Highlights from the new range include:

- A stunning range of unique jewellery including handmade sterling silver pieces from Peru such as the beautiful Rose Charm bracelet.
- Fun and educational children's gifts from Sri Lanka, like the colourful Dinosaur Jigsaw Set or the Magnetic Alphabet Letters set where each letter has been screen printed by hand.
- Our usual great selection of accessories; hand-woven bags and purses from Indonesia, beautiful scarves from India and last year's sell-out, the stylish Buntal Hat, returns again in new colours for this season.
- Our widest-ever range of homeware products including the unusual and striking Vietnamese Lady Pots from Vietnam or the Chulucanas Ceramic Spot Bowl from Peru alongside eye-catching and functional storage solutions like the silk-lined, hand-woven, seagrass baskets from Vietnam.
- An array of Gifts for Life, an alternative gift of a donation to Traidcraft's charity, giving the recipient of the gift the satisfaction of knowing that a donation has been made, which will help transform the lives of people living in poverty.

The 91 page catalogue also features a selection of fair trade clothing including organic T-shirts alongside our varied selection of stationery, greetings cards and wrap, children's gifts, food products, coffee, teas and wine.

As well as bringing you quality goods from around the world, the Traidcraft catalogue features photographs and stories from the producers to help customers make the link with the people behind the products. People like Rukshana from Tara Projects in India, who is featured on page 19 and says: "We used to be treated badly by our families and we had no confidence – but now we work here they can see we are as good as the men!"
