

Campaigns and trade issues

Download resources and reports to help you understand the trade issues we work on.

[Fair trade toolkit](#)

Got a tricky trade question? Don't know your supply chains from your trade deals? Traidcraft has produced a series of handy guides to just about all you could ever want to know on trade.

[Policy factsheets](#)

These offer an introduction to fair trade and Company Law, with plenty of statistics.

[Policy reports](#)

These are the longer documents we have produced on some of the issues we work on.

[Policy submissions](#)

This section contains technical information for the more advanced reader. Much of the material on this page is in-depth and assumes a good working knowledge of these issues.

[Policy resources archive](#)

Trade is a quickly changing area, and some things go out of date, but if you are looking for something from a while ago, this is the place to go.
